Dear Dr. Khouri:

I wanted to personally write you to thank you for the opportunity you offered myself and my other colleagues at a recent visit to your impressive facility there in Key Biscayne. I was truly impressed with your surgical techniques, which I agree will revolutionize many parts of surgical plastic surgery. I would hope to begin to utilize some of what I learned with you in the near future. I wanted to make special note of how nice your staff was. I think it is likely a reflection of your outgoing and personal nature that they stay with you for so long and gives young surgeons such as myself a good role model for how to run an efficient, successful practice based on personnel and good surgical results. I look forward to the next time I can visit you. Thanks again.

Sincerely,

Jason R. Bailey, M.D.
